IDMP Term Browser – Identification of Medicinal Products (IDMP) Terminology Browser for the eSubmission in Regulatory Affairs

Includes:
· *eXtended Eudravigilance Medicinal Product Dictionary (XEVMPD)*
· *Identification of Medicinal Products (IDMP)*
· *Structured Product Labeling (SPL)*
· *Stoffkatalog – International List of Substances (ABDA)*

XEVMPD Routes of Administration
Information on the standard route of administration (ROA) controlled vocabulary which is required by the European Medicines Agency (EMA).

Term	Lang	Role	Code	Type	Source
EPIDURAL USE	EN	PT	ADR00008MIG	ROA	EMA

EDQM Standard Terms
EMA references the European Directorate for the Quality of Medicines & Healthcare (EDQM) concerning Standard Terms.

Term	Lang	Role	Code	Type	Source
Epidural användning	SV	ST	20009000	SYN	EDQM
Epidural anvendelse	DA	ST	20009000	SYN	EDQM
Epidural bruk	NO	ST	20009000	SYN	EDQM
EPIDURAL USE	EN	PT	20009000	SYN	EDQM

XEVMPD Substances
The XEVMPD substance controlled vocabulary (SUB) allows Marketing Authorisation Holders (MAHs) to perform an analysis and plan for the implementation of the substance names in their in-house systems.

Term	Lang	Role	Code	Type	Source
Acetylsalicylic acid	N/A	PT	SUB12730MIG	SUB	EMA
Acetylsalicylsäure	DE	ST	SUB12730MIG	SUB	EMA
ACID ACETILSALICILIC (AAS)	RO	ST	SUB12730MIG	SUB	EMA

XEVMPD Pharmaceutical Dose Forms

Term	Lang	Role	Code	Type	Source
RECTAL CAPSULE	EN	PT	PHF00215MIG	PHF	EMA

XEVMPD Units of Presentation

Term	Lang	Role	Code	Type	Source
blister	EN	PT	1{BLISTER}	PRE	EMA

XEVMPD Company Code
Information on the MAH´s name and Headquarters ID (ORG) used to send/receive product/safety reports as per the organisation's profile.

Term	Lang	Role	Code	Type	Source
BOEHRINGER INGELHEIM LTD.	EN	PT	ORG8830	ORG	EMA

ATC (WHO)
The ATC list is published and maintained by the WHO Collaborating Centre for Drug Statistics Methodology

Type	Code	Descr
ATC	C05AA05	Vasoprotectives Agents for treatment of hemorrhoids and anal fissures for topical use Corticosteroids Betamethasone

XEVMPD and SPL Country Codes
The Country Code is maintained by ISO International Standards. SPL represents countries with the ISO three letter country codes, whereas XEVMPD requires the two letter version.

Term	Lang	Role	Code	Type	Source
France	EN	PT	FR	ISO	EMA
France	EN	PT	FRA	ISO	FDA

SPL - UNII Substances
The Food and Drug Administration (FDA) requires a Stuctured Product Labeling (SPL) for the registration of medicinal products. The substances (SUB) are to be coded by a UNII code.

Term	Lang	Role	Code	Type	Source
Betamethasone dipropionate	EN	PT	826Y60901U	SUB	FDA

SPL - Drug Route of Administration Terminology
Information on the pharmaceutical product route of administration (ROA) in SPL.

Term	Lang	Role	Code	Type	Source
Sublingual	EN	PT	C38300	ROA	FDA

SPL Pharmaceutical Dosage Form Terminology
Information on the pharmaceutical product dosage form (PHF) in the SPL.

Term	Lang	Role	Code	Type	Source
TABLET, FILM COATED	EN	PT	C42931	PHF	FDA

SPL Package Type Terminology
Information on the pharmaceutical product package type (PAC) in the SPL.

Term	Lang	Role	Code	Type	Source
BOTTLE, GLASS	EN	PT	C43172	PAC	FDA

SPL Unit of Presentation Terminology
Information on unit of presentation (PRE) such as dosage form, package type, and unit of measurement terms.

Term	Lang	Role	Code	Type	Source
PIECE	EN	PT	C89446	PRE	FDA

SPL Unit of Measurement Terminology
Information on the units of measurement (MEA).

Term	Lang	Role	Code	Type	Source
MICROGRAM	EN	PT	C48152	MEA	FDA

ABDA Stoffkatalog – International Substance List
The ABDA Stoffkatalog includes data on more than 40.000 ingredients and plants, 65.000 synonyms and 150.000 medicinal products in 54 countries.

Term	Lang	Role	Code	Type	Source
2-Acetoxybenzoesäure	N/A	SY	104201	SUB	ABDATA
Acetylsalicylic acid	N/A	SY	104201	SUB	ABDATA
Acetylsalicylsäure	N/A	PT	104201	SUB	ABDATA
Aspirin	N/A	SY	104201	SUB	ABDATA
ASS	N/A	SY	104201	SUB	ABDATA

Project management

Project expertise
- Coding in eSubmission
- Coding MedDRA
- Submitting XEVMPD and IDMP to EMA
- Networking international medicinal products
- Cleaning up databases
- Developing data management concepts

Content service
- Recent news about medicines
- Regulatory controlled vocabularies (XEVMPD, IDMP, SPL)
- Individual solutions

Integration of customers' own databases into [pharmazie.com] network

Supporting communication interfaces
- ASCII
- HTML
- XML
- Individual solutions

Connections
- Pharmacist software
- Electronic patient card (EPA)
- Medical information systems in hospitals
- Mobile devices
- Surgery administration
- Systems for health insurance
- Web portals
- Web shops
- Regulatory information management systems (RIMs)

Web services
- Catalogue of medicines
- Updating of data
- Matching XEVMPD and IDMP terminology
- C·A·V·E Check
  - Age
  - Gender
  - Diseases
  - Allergies
  - Interactions
  - Food incompabilities
  - Double medication
  - Capacity of reaction
  - Addiction

Databases

Basic databases (free for health care professionals after registration)

Global Search
activates a free text search among all active databases.

ABDA-database: Recent News
Information on changes in drug prices, new products and food supplements. Archive records date from 1995.

MMI: Gelbe Liste Pharmindex
Information on German drugs, homeopathic and biological remedies.

DACON: Pharmaceutical Links
Links for further information on the internet.

DACON: Nutrition Information
Nutrition tips for certain risk factors (such as high blood pressure) with suggestions for further reading.

Reimbursable Devices and Care Aids: REHADAT
GKV list of reimbursable devices

Regulatory databases (fees apply)

IDMP Term Browser
The Terminology browser helps you navigate the jungle of IDMP required controlled vocabularies of Medicinal Product Information in the EU (eSubmission).

ABDA databases: scientific (fees apply)

ABDA-database: German Drugs
All important details on more than 50.000 German drugs and generics.

ABDA-database: International Drugs
All important details on more than 120.000 international drugs and generics.

ABDA-database: Interactions of German Drugs
Interactions among German drugs, substances and food.

ABDA-database: Medical Interaction (C·A·V·E)
Incompatibility check among a patient's medication and individual risk factors (allergies, atypical medication, etc.).

ABDA-database: List of Pharmaceutical Ingredients
Information on more than 40.000 ingredients and plants with more than 65.000 synonyms and more than 150.000 drugs in 54 countries.

ABDA-database: Dossier on Active Substances
Pharmacological and toxicological information concerning ingredients.

Codex Galenica (Pharma)
Information on all drugs registered in Switzerland.

Austria Codex
Information system for specialties (SIS), information on all drugs registered in Austria.

ROTE LISTE®
German drug index (including EU concessions and certain medical products).

ABDA databases: economic (fees apply)

ABDA-database: Item Master Data (Taxe)
All economic data (prices, package sizes, registered numbers for ordering, etc.) on all drugs sold in German pharmacies.

Drug safety with C·A·V·E for all systems

Patient
Date of birth: 10.10.1965
Sex: female

GESUNDHEITSKARTE Muster
Moni Muster

Diseases:
Parabenallergy, bronchial asthma
Medication:
ASS 500 Hexal (tablets, Hexal AG),
Bisolvon drops against cough (drops, Thomae)

Check

Medication
FAM Bisolvon drops against cough (drops, Thomae)

STOP Parabenallergy
eliciting substance:
Methyl-4-hydroxybenzoat

Medication
FAM ASS 500 Hexal (tablets, Hexal AG)
Risk of medical application with bronchial asthma
Application only with medical attendance
